Press Release:

After being informed of the recent allegations against our Chief of Police and the city's reserve officer programs, the city council and myself felt it necessary for us to place Chief Portillo on a thirty-day suspension. During this time, we will be investigating this matter internally as well as seeking counsel from an independent investigation firm to validate our findings. Thank you for your patience while we work to resolve this issue.

Respectfully,

Jeff Blackstone
Mayor of Coffee City, Texas
